OFFICE OF ENVIRONMENTAL
QUALITY CONTROL

Based on the numerous comments and concerns received on the Draft Environmental Assessment for the subject project and overall lack of community support for the Proposed Project and Alternatives, the Department of Land and Natural Resources has decided to withdraw the Environmental Assessment for consideration at this time.

We will instead be working directly with the existing mooring permittees to bring their moorings into compliance with the U.S. Army Corps of Engineers Federal Regulations.

If there are any questions, please contact Mr. Finn McCall of the Engineering Branch at (808) 587-3250.

Sincerely,

Edward R. Underwood
