No. 13

REGISTER OF CHAPTER 343 DOCUMENTS

QUARTERLY SUMMARY

"DID YOU KNOW THAT during April, May and June 1977, the EQC received 86 Notices of Determinations... of this -

- ..there were 10 EIS Preparation Notices;
- ..76 Negative Declarations;
- ..5 of the 7 EIS's reviewed were Agency actions, the other two were applicant actions;
- ..11 EIS's were being revised on June 30, 1977;
- ..3 Revised EIS's were being processed for acceptance on June 30, 1977; and
- ..6 Revised EIS's were deemed acceptable during the three month period?

The location for the Nawiliwili Coral Fill Industrial Subdivision is bounded by Waapa Rd. on the north, Niunalu Rd. on the west, Niunalu Stream and the site of a future small boat harbor on the south, and Nawiliwili Harbor on the east. The land is owned by the State of Hawaii. The 17 acre site will be subdivided into various sized parcels to provide lands for industrial activities. Access will be provided from Waapa Rd. The internal streets will have minimum 20-ft. wide paving, drainage swales and street lighting. An 8" to 18" sewage collection line will be installed along Waapa and Wilcox Rds. from the site to Rice Rd. A new sewage pump station will also be provided.

WINDWARD CIVIC CENTER, KANEHOE, OAHU, State Dept. of Accounting and General Services (Revised)

The Windward Civic Center proposed for location on a four acre site (TMK 4-6-11:1) at Kanehameha Hwy. and Haiku Rd. will consist of a two or three story building that will house state agencies and the Kaneohe Satellite City Hall. Sitework will include clearing and grubbing; earthwork; installation of utility lines, drainage structures, parking area; lights; constructing circulation roads driveway connections, parking areas, trash enclosures, walkways; and landscaping.

Revised EIS also available at the Waimanalo Community-School Library and Kailua Library.

Commission. Comments may be made and sent to the proposing agency or approving agency. The Commission would appreciate receiving a carbon copy of your comments.

Status: Currently being processed by the Office of Environmental Quality Control

MAUI

UNIVERSITY OF HAWAII AT HILO LONG RANGE DEVELOPMENT PLAN, HILO, HAWAII, State Dept. of Accounting and General Services (Final)

2.0 MG REINFORCED CONCRETE TANK, POOKELA, HAKAWAO, Dept. of Water Supply, County of Maui

Previously reported in EQC Bulletin III-11, June 8, 1977.

A 2.0 million gallon storage tank measuring 130.50 ft. across its inside diameter and approximately 22 ft. in height is planned for construction as part of the Hakawao Water System. The project will be located approximately 1,000 ft. east of Clinda Rd. at Pookela.

Status: Accepted by Governor Ariyoshi, June 16, 1977

SALT LAKE BOULEVARD-PUULOLOA ROAD TO HALAWA HEIGHTS ROAD EXTENSION, HONOLULU, OAHU, U.S. Dept. of Transportation, State Dept. of Transportation and Dept. of Public Works, C&C of Honolulu (Final)

0.5 MG REINFORCED CONCRETE TANK AT ONAPIO, KULA, Dept. of Water Supply, County of Maui

Previously reported in LQC Bulletin III-04, February 23, 1977.

The 0.5 million gallon reinforced concrete storage tank would be installed as part of the series of tanks and pump stations which link the Upper and Lower Kula Water Systems. The tank will have an inside diameter of 34.5 ft. and a height of approximately 19.5 ft. The project site is adjacent to the third or uppermost pump station about one-half mile above Haleakala Hwy. and 200 ft. north of Upper Kimo Dr.

Status: Accepted by the Dept. of General Planning, C&C of Honolulu on June 27, 1977. This acceptance is applicable only in the event that State funds or State lands are not involved in the project.

The notice of acceptance of the statement by Governor Ariyoshi was previously published in the EQC Bulletin III-07, April 8, 1977

BOAT MOORING, KIHEI AND WAILEA, Sea Enterprises/State Dept. of Land and Natural Resources

NEGATIVE DECLARATIONS

The installation of four boat moorings, a pair each in offshore waters adjoining TMK's 2-1-08:59 and 3-2-04:1 at Kihei and Wailea, is being proposed by Sea Enterprises. The moorings will accommodate commercial boating operations. The area north of the proposed moorings is adjacent to the Mana Kai, Maui and in front of the Outrigger Hotel. The area to the south is at Ulua Beach, adjacent to the Hotel Intercontinental, Maui.

A Negative Declaration is a determination by a proposing or approving agency that a proposed action does not have a significant effect on the environment and therefore does not require an EIS (EIS Regs. 1:4p). Publication in the Bulletin of a Negative Declaration initiates a 60 day period during which litigation measures may be instituted. Copies are available upon request to the

CAHU

PEARL CITY CIVIC CENTER ANNEX SITE,
PEARL CITY, State Dept. of Accounting
and General Services

The acquisition of 68,020 sq. ft. portion of the Lot Tax Map Key (CMK 9-7-34: por 38) owned by Hawaii Housing Authority is being proposed. The parcel is adjacent and mauka of the Pearl City Regional Library and fronts on Paimano Home Rd. A two-story State office building of about 30,000 gross sq. ft. of office space is being planned. Approximately 92 parking stalls will be provided.

MOLO PLACE 8" MAIN, AIEA, Board of
Water Supply, C&C of Honolulu, Board
of Water Supply

This project involves the replacement of existing 3" and 4" mains with 6" ft. of 6" main and appurtenances (hydrants, valves, valve boxes, laterals, etc.) along Molo Pl. Approximately nine water services presently connected to the 4" main will be transferred to the new 6" main. Two fire hydrants will also be provided.

SITE CLEARANCE AT KUALOA REGIONAL
PARK, KOOLAUPOKO, Dept. of Parks and
Recreation, C&C of Honolulu

Approximately 7 acres of land will be cleared and grubbed at the north beach of Kualoa Regional Park. This site preparation project will provide day use picnic areas. Kualoa Regional Park is bounded on the north by Kanehaneha Hwy., Kaneohe Lwy on the south, and Lalii Fish Pond on the west.

KAILUA BEACH PARK EROSION CONTROL,
KAILUA, Dept. of Parks and Recreation,
C&C of Honolulu

The erosion control project at Kailua Beach will include sand replenishment and the installation of a sand grabber system. Fifteen thousand cubic yards of sand will be added to the beach in an area approximately 2,000 ft. between Kaelepulu Stream and the boat

ramp. A sandgrabber system approximately 300' long, 3 courses high, and 6 blocks wide will then be placed parallel to the shoreline at the edge of the low water mark. The system consists of land-placed hollow tiles tied with steel bars.

WINDWARD COMMUNITY COLLEGE RENOVATION
OF PAVILION FOR AUTOMOTIVE TECHNOLOGY
PROGRAM, KANEHOE, State Dept. of
Accounting and General Services

Located at the existing Windward Community College campus, the project will entail the renovation of a pavilion into an automobile shop consisting of four stalls, tool storage area, lecture area and toilets and construction of compact coral service area.

HALEKOU ROAD 8" MAIN, KANEHOE, Board
of Water Supply, C&C of Honolulu

The proposed action consists of the replacement of an existing 4" main with approximately 600 lineal ft. of 8" main and appurtenances in Halekou Rd. between Kanehaneha Lwy., and Kanaka St. Additional improvement will include the installation of two fire hydrants.

WAIKALUA ROAD 8" MAIN, KANEHOE, Board
of Water Supply, C&C of Honolulu

Approximately 700 lineal ft. of 8" main, valves and two fire hydrants is planned for installation along Waikalua Rd. between Waikapohi Rd. and Mahalani St.

KAAHOLOA ROAD 8" MAIN, KAILUA,
Board of Water Supply, C&C of
Honolulu

The project involves replacement of an existing 3" main with 1,600 ft. of 8" main and appurtenances (hydrants, valves boxes, laterals, etc.) along Kaamooloa Dr. between Kaulonahua Rd. and Lugenui Pl. The main will be connected to an existing 6" main in Kaulonahua Rd. Fire hydrants will be installed and fifteen existing water services will be transferred to the new main.

3

STREET TREE BEAUTIFICATION AT VARIOUS KALEI ROAD 8" AND 4" MAINS, HONOLULU,
ROADWAYS, OAHU, Dept. of Parks and Recreation, C&C of Honolulu
Board of Water Supply, C&C of Honolulu

Approximately 1,400 ornamental trees of various species and 500 ft. of hedge planting will be planted at the roadways to major population centers.

The following streets to be improved are:

1. Moanalua Rd. - Koauka St. to Kaahumanu St.
2. Pensacola St. - Kapiolani Blvd. to H-1 Fwy.
3. Kinau St. - Ward Ave. to Keeau-moku St.
4. School St. - Liliha St. to Middle St.
5. Kaahumanu St. - Moanalua Rd. to Laauhuahua Pl.
6. South St. - Kawaihao St. to Kapiolani Blvd.
7. Alakea St. - Halekauwila St. to Beretania St.
8. Beretania St. - Ward Ave. to Alapai St.
9. King St. - Pensacola St. to Kalakaua Ave.
10. Kapiolani Blvd. - McCully St. to Date St.
11. Lunalilo Home Rd. - Kalaniana'ole Hwy. to Hawaii-Kai Dr.
12. Waimano Home Rd. - Kamchameha Hwy. to Komo-Mai Dr.

ALANI AND PATY DRIVES 8" MAIN,
HONOLULU, Board of Water Supply, C&C
of Honolulu

This action entails the installation of a total length of 4,430 ft. of 8" water main and its appurtenances along a portion of Alani and Paty Drives. Initial phase of construction involves the interconnection of the proposed line to an existing 8" water main at the intersection of Woodlawn and Alani Drives. The alignment then proceeds along Alani Dr. to Paty Dr. and ends at the junction to Seaview Rise where it will be interconnected to an existing 8" main. The existing 8" main will be abandoned upon completion of the project.

The project comprises of the installation of an 8" and 4" main and appurtenances along Kalei Rd. The total length of alignment is about 600 ft. The 8" portion of this project begins at the junction of Kalele and Kalei Roads where it will be interconnected to an existing 8" main. The route continues along Kalei Rd. of about 350 ft. and then reduces to a 4" main for the remaining 250 ft. of the alignment. The terminal end of this main will be plugged. A fire hydrant will also be installed for this project.

FELIX STREET 8" MAIN, HONOLULU, Board
of Water Supply, C&C of Honolulu

The project entails the installation of 800 ft. of 8" main and appurtenances along the entire length of Felix St. between Saint Louis Heights Dr. and Alencastre St. An existing 6" main will be abandoned. Approximately twenty-four water services along Felix St. will be transferred to the new 8" main causing a temporary disruption of service.

CHARLES STREET 8" MAIN, HONOLULU,
Board of Water Supply, C&C of
Honolulu

An 8" water main totalling 1,000 ft. in length and its appurtenances is proposed for installation along Charles St. between 4th and 6th Avenues. The project also includes the installation of three fire hydrants.

MODIFICATIONS TO THE MAUANU AERATOR SYSTEM, HONOLULU, Board of Water Supply, C&C of Honolulu

The Mauanu Upper Aerator is located on Mauanu Pali Dr. approximately one mile south of Kino Dr. in upper Mauanu Valley. Modifications to the existing system will include the installation of a turbidimeter, a pump, and approximately 400 linear ft. of 4" water main at the Mauanu Upper Aerator, the construction of an access road and a 5,000 gallon steel tank and incidental work. The improvement will enable chlorinated water to be drawn from the effluent line of the Upper Aerator and pumped to the new steel tank via an existing 4" transmission main.

KOALI ROAD 8" AND 24" MAINS, HONOLULU, Board of Water Supply, C&C of Honolulu

The action comprise of the installation of 1,300 ft. of 8" ductile iron main and a 24" copper main and their appurtenances along Koali Roads. The project also includes the installation of two fire hydrants.

LURLINE AND PATSONIA DRIVES 8" MAIN, HONOLULU, Board of Water Supply, C&C of Honolulu

This project consists of the installation of an 8" water main and its appurtenances along Lurline and Patsonia Drives. Total length of the alignment is about 4,500 ft. Four additional fire hydrants will also be installed.

HONOLULU ZOO BIRD DISPLAY HOLDING AND REARING PENS, DISPLAY TYPE KITCHEN AND INCUBATOR ROOM AND NEW WALKS AND GUARD RAIL, HONOLULU, Dept. of Parks and Recreation, C&C of Honolulu

The City and County of Honolulu proposes to replace the wooden structures used for parrot display, holding pens, kitchen and incubator building with concrete and steel structures.

LANDMARK TEA GARDEN AND RETAIL SHOPS, HAIKIKI, Wong and Wong Assoc., Inc./ Dept. of Land Utilization, C&C of Honolulu

Wong and Wong Associates, Inc. plans to renovate and convert an existing single family dwelling located at 2440 Moa Ave., to commercial uses, which will include a restaurant and retail shops. The subject parcel is 2,130 sq. ft.

JADE STREET 8" MAIN, LAHAINA, Board of Water Supply, C&C of Honolulu

The replacement of the existing 2" and 4" mains with 8,120 ft. of 8" main and appurtenances is proposed for the entire length of Jade St. between Lahaina St. and Makaha West Golf Course. Fire hydrants will also be installed. Water services will be transferred from the existing 2" and 4" water lines to the new main.

ACQUISITION OF MAILI SANDS SUBDIVISION, MAILI, Dept. of Social Services and Housing, Hawaii Housing Authority

The action proposed is the purchase of 27 single family improved house-lots to be subdivided into duplex zero lot line lots and single dwelling lots configuration of 42 lots total. The subdivision has an average size lot of 5,000 sq. ft.

(This modified Negative Declaration supercedes the previous Negative Declaration published on March 23, 1977.)

BOAT PIER, LANEHOE BAY, Dayton Caple/ State Dept. of Land and Natural Resources.

This action involves a post facto Conservation District Use Application for a boat pier involving a portion of State-owned subtidal lands within Laneohe Bay immediately adjoining TR-4 8-23 48. The structure was constructed in 1968 by the original owners.

EIS PREPARATION NOTICES

Attn: L. C. Fruto

Deadline: August 22, 1977

The proposed projects have been determined to require environmental impact statements. EIS Preparation Notices are available from the respective proposing agency or applicant. Please request copies from the listed contacts. A 30 day period is allowed for requests to be a consulted party.

HANAMAULU-AHUKINI CUT-OFF ROAD, LIHUE, KAUAI, State Dept. of Transportation, Land Transportation Facilities Division

KE-AHOLE AGRICULTURAL PARK, NORTH KONA, HAWAII, State Dept. of Agriculture

The Ahukini-Hanamaulu cut-off road will be an extension of the existing Kapule Hwy., (FAP51) from Ahukini Rd., near Lihue Airport, to Kuhio Hwy., (FAP56), beyond Hanamaulu Town in the vicinity of Kauai Hardwoods, Inc. Presently there are no alternate route bypassing the Lihue business district, Kapaia and Hanamaulu. Also, traffic between the Lihue Airport and the Kapaia-North Shore region must go through Hanamaulu and Kapaia. The project is proposed to ease the current and future congestion between Lihue and Hanamaulu by separating local traffic from through traffic generated by the Lihue Airport and the Nawiliwili Harbor industrial area. The precise alignments for the project have not yet been developed. However, the cut-off road would be approximately 1.6 to 1.8 miles long. A bridge would be required for the crossing of Hanamaulu Valley; the length would depend on the location of the crossing.

The development of an agricultural park in Ke-ahole, North Kona is proposed for a portion of a state-owned parcel of land (TMK 7-3-10:33) bordering the mauka side of Queen Kaahumanu Hwy., and located mauka of the Ke-ahole Airport. An area of approximately 1,000 acres on the parcel is being planned for the siting of a 200-acre agricultural park which will be subdivided into lots of 5 or more acres. The lots will be leased to farmers for the cultivation of various types of flowers and foliage. Site improvements will include clearing and grubbing, construction of roads, waterlines and storage facilities, drainage improvements, sewage disposal facilities, and electrical and telephone transmission lines.

ENVIRONMENTAL IMPACT STATEMENTS

EIS also available at the Waikiki-Kapahulu Library.

Deadline for Comments: July 25, 1977

AIEA STREAM FLOOD CONTROL PROJECT, AIEA, HAWAII, Dept. of Public Works, C&C of Honolulu (Revised)

Environmental Impact Statements listed are available for review at the following public depositories: Environmental Quality Commission Office; Legislative Reference Bureau; Sinclair Library, State Main Library and the Kaimuki, Kaneohe, Pearl City, Hilo, Kahului, and Lihue Regional Libraries. State-

Aiea Stream flow through the community of Aiea and discharges into the East Loch of Pearl Harbor at Aiea Bay. The total project involves

approximately 6,400 ft. of stream channel from Pearl Harbor, upstream to the vicinity of Kaulainahoe Pl. The proposed action is the second phase of the approximate four-phase stream improvement program on the portions of Aiea Stream that are bordered by urban and residential land uses. The first increment, completed in 1975, extend from the mouth of Aiea Stream in the East Loch of Pearl Harbor to about 150 ft. upstream of Moanalua Rd. (1,975 ft. total). The proposed improvement begins at the end of the previous lining in the Aiea Shopping Center and extends approximately 1,430 ft. to about 300 ft. upstream of Uluner St., near the C&H refinery. It passes under the freeway through an existing box culvert which is to remain in place. The new channel will be approximately 24 ft. wide by 10 ft. deep. Future improvements (third and fourth increments) will extend approximately 3,000 ft. further upstream to the end of the existing residential developments adjacent to the stream.

Revised EIS also available at Aiea Library.

Status: Currently being processed by the Office of Environmental Quality Control for acceptance by the Governor (Final Accepting Authority).

Accepted by the Dept. of General Planning, C&C of Honolulu for the portion of the project involving county funds and lands on July 19, 1977.

WAIALE DEVELOPMENT PLAN, WAILUKU/KAHULUI, MAUI, A&B Properties, Inc./Maui Planning Commission, County of Maui (Revised)

The Waiale Project is a proposed residential development situated between Wailuku and Kahului. A&B Properties, Inc. plans to develop approximately 1,015 acres of land which will include 2,710 units of single family residential housing, 130 units of low income residential housing, and 225 units of low income

apartment housing. The gross overall density will be about 3 units per acre, with the actual densities within each housing area being slightly greater. Over one-third of the project site will remain in open space or be developed for some type of recreational amenity. Included in the latter category are a golf course, a recreation/park complex, various smaller parks, and a nursery. Community facilities, such as schools and a village center are also planned. The construction phase of the project will be initiated in 1978, and will be completed sometime between 1990 and 2001.

Revised EIS also available at Wailuku, Lahaina and Makawao Branch Libraries.

Status: Currently being processed by the Maui County Planning Commission.

NEGATIVE DECLARATIONS

A Negative Declaration is a determination by a proposing or approving agency that a proposed action does not have a significant effect on the environment and therefore does not require an EIS (EIS Regs. 1:4p). Publication in the Bulletin of a Negative Declaration initiates a 60 day period during which litigation measures may be instituted. Copies are available upon request to the Commission. Comments may be made and sent to the proposing agency or approving agency. The Commission would appreciate receiving a carbon copy of your comments.

OAHU

DEVELOPMENT OF NEW KULIOUOU NEIGHBORHOOD PARK, HONOLULU, Dept. of Parks and Recreation, C&C of Honolulu

The neighborhood park of 10.185 acres in Kuliouou Valley will involve site improvements, landscaping and facilities construction. The park will consist of four tennis

courts and a practice tennis court, two basketball courts and a volleyball court, a softball field, comfort station, a picnic area, and open space. The park will be located on the Koko Head side of Kuliouou Road extended, just mauka of the existing housing area on a portion of the old Hawaii National Guard Rifle Range.

EWA ELEMENTARY SCHOOL KITCHEN MULTI-PURPOSE DINING ROOM BUILDING AND PARKING, EWA, State Dept. of Accounting and General Services

The 5,460 sq. ft., kitchen multi-purpose dining room building proposed for construction is a replacement facility for the existing kitchen dining room that has been condemned and is scheduled for demolition. A 35-stall parking lot will also be part of this project.

DEVELOPMENT OF NEW HONOKAI HALE NEIGHBORHOOD PARK, EWA, Dept. of Parks and Recreation, C&C of Honolulu

The project consists of site improvements, landscaping and facilities construction for a neighborhood park of 5.888 acres. A road easement of 0.73 acre reduces the recreational area of the parcel to about 5 acres. Facilities plans include a softball field, basketball court, playground equipment, comfort station picnic area and landscaped open space. The project site borders Farrington Hwy., on the north and Honokai Hale Subdivision on the west.

KAUAI

KAUAI POLICE DEPT. FIREARMS RANGE, KAPAA, Police Dept., County of Kauai

Planning and development of the police firearms range would be structured on the basis of priority and availability of funds. The first phase include a practical pistol course and a skeet range. A rifle range and a National Camp Perry Range is being considered for development after the first phase. The project site involves 21.96 acres at Kapaa Homesteads, First Series, Kawaihau. Almost three

fourths of the land surface area will remain undeveloped since it occupies a portion of the bordering mountain-side. Approximately six acres appear to be developable and can be utilized as a police firearms range.

REPLACEMENT WATER MAIN ALONG KIKALA RD., KALAHEO WATER SYSTEM, KALAHEO, Dept. of Water, County of Kauai

Approximately 700 lineal ft. of 6" diameter pipeline will be installed as replacement of a section of the corroded 4" iron main which begins at the Puuwai-Kikala Rd., intersection. The project will continue with the installation of 4,000 lineal ft. of 4" pipeline to replace a section of the corroded 3" main that terminates at the Wawae-Kikala Rd., intersection.

HAWAII

HAKALAU VETERANS PARK, HAKALAU, SOUTH HILO, Dept. of Parks and Recreation, County of Hawaii

The Hakalau Veterans Park will be located on a 6.107 acres site designated as TMK 2-9-02:4. The project calls for: site clearing and grading; demolition of the existing dugouts and restroom, locker, storage and concession facilities. An outfield fence 250 ft. from home plate will also be constructed.

SUBDIVISION OF STATE LAND FOR PURPOSE OF EXCHANGE WITH A. H. ULRICH AT PUNALUU, KA'U, State Dept. of Land and Natural Resources, Div. of Land Management.

The Dept. of Land and Natural Resources has executed an Exchange of Deed with A. H. Ulrich covering the following properties at Punaluu, Ka'u: 1) Parcel 3 (portion), 1.424 acres, TMK: 9-5-16, State land to be exchanged with A. H. Ulrich. 2) Parcel 36 (portion), 1.424 acres, TMK: 9-5-16, owned by A. H. Ulrich to be exchanged with the State. A. H. Ulrich proposes to relocate the existing roadway over his property to the State land acquired in the exchange for providing safer

access to the public highway. Both parcels of land are in the conservation area.

CONSOLIDATION AND RESUBDIVISION OF
KAEI HANA II, INDUSTRIAL SUBDIVISION
(LOTS B-1 AND B-2 INTO LOTS 1-5
INCLUSIVE) AT KAWAIHAE, State Dept.
of Hawaiian Home Lands

A land parcel of 10.58 acres will be subdivided into 5 lots ranging in area from 1.2 acres to 2.7 acres. The project site is bordered by the looped roadway, Maluokalani St., to the north, east and south.

REGISTER OF SHORELINE PROTECTION ACT DOCUMENTS

The following document have been filed with the City and County Department of Utilization pursuant to Ordinance 4529, relating to be Interim Shoreline Protection District for Oahu. All of the projects below are located with the Special Management area of Oahu.

NEGATIVE DECLARATION

TWO REQUESTS FOR SUBDIVISION OF LAND, KALUANUI, KOOLAULOA, George Sakoda and Jitsuichi Tamashiro/Dept. of Land Utilization, C&C of Honolulu

The action proposed by George Sakoda and Jitsuichi Tamashiro comprise of the following:

1. Subdivision of 188.7 acres of land into 8 agricultural lots ranging in lot sizes from 22 acres to 25 acres. The land parcel was originally a part of a 1,556-acre parcel of land of which 1,374 acres were recently acquired by the State for the Sacred Falls. Portions of 3 of the 8 proposed lots are within the Special Management Area. The parcel is zoned AG-1 Restricted Agriculture District and identified as TMK 5-3-09: portion of 50.
2. Consolidation and resubdivision of approximately 3.85 acres of land into 26 single-family residential lots ranging in lot sizes from 5,750 sq. ft. to 7,480 sq. ft. The proposed lots all front Kamehameha Hwy. but are 4 non-contiguous areas. The lots are zoned R-6 Residential District and identified as TMK's 5-3-08:15, 16 and 21 and 5-3-09:30, 39, 52 through 56.
