Katherine Puana Kealoha, Director Office of Environmental Quality Control 235 South Beretania Street, Suite 702 Honolulu, HI 96813 Tel: 808.586.4185 Fax: 808.586.4186 Email: oeqc@doh.hawaii.gov	Website: http://hawaii.gov/health/environmental/oeqc/index.html/ Kauai: 274.3141 ext. 64185 Maui: 984.2400 ext. 64185 Molokai/Lanai: 1.800.468.4644 ext. 64185 Hawaii: 974.4000 ext. 64185
---	--

The Environmental Notice is a periodic bulletin of the Office of Environmental Quality Control. It informs the public of environmental assessments, and other documents, that are available for review and comment, per HRS 343-3. It is updated on the 8th and 23rd of each month on OEQC's website.

OAHU (HRS 343)

1. University of Hawaii at Manoa Campus Center Renovation and Expansion (DEA)

Island: Oahu
District: Honolulu
TMK: (1) 2-8-23:03 (por)
Proposing Agency: Office of Capital Improvements, University of Hawaii at Manoa, 1960 East-West Road, Biomedical Services Building, B-102, Honolulu, HI 96822. Bruce Teramoto, Architect and Project Manager, Tel: 956-4800, Fax: (808) 956-3175
Approving Agency: University of Hawaii at Manoa, 2500 Campus Road, Hawaii Hall 307D, Honolulu, HI 96822. Brian Minaai, Associate Vice President for Capital Improvements, Tel: 956-9190, Fax: 956-5136
Consultant: PBR HAWAII, 1001 Bishop Street, ASB Tower, Suite 650, Honolulu, HI 96813. Malia Cox, Tel: 521-5631, Fax: 523-1402
Comments: DEA pending 30-day comment. Address comments to the Proposing Agency and Consultant
Permits: NPDES; Section 6E, HRS Review; and Building Permit

This Campus Center Renovation and Expansion project includes construction at the Campus Center, Hemenway Hall, and the Engineering Quadrangle. The proposed project will include the expansion of the Campus Center to include a new recreation facility, the renovation of the auditorium of Hemenway Hall, and the removal of two of the four remaining buildings in the original Engineering Quadrangle. In addition, two portables, the PEACESAT and Miller Annex will be removed or relocated. The remaining two Engineering Quadrangle buildings (Building 31-C and the Ka Leo Building) will be preserved in place.

In its current configuration, the Campus Center is a four-level, mixed use building designed as a hub for student programming and activities. The expansion and renovation project will provide students with a centrally located, state of the art Recreation Center, (spaces for indoor intramural sports, fitness center, strength training, multi-purpose exercise rooms, indoor jogging track, and two basketball courts) and new facilities for displaced organizations. The University proposes that the Campus Center Renovation and Expansion be Leadership in Energy and Environmental Design (LEED) certified to the Silver level. LEED is a nationally-recognized program for certifying the design, construction and operation of high performance green buildings.

MAUI (HRS 343)

2. Proposed Hale Hui Kai Community Plan Amendment (DEA)

Island: Maui
District: Wailuku
TMK: (2) 3-9-04:25
Applicant: Hale Hui Kai Association of Apartment Owners (AOAO), 2994 South Kihei Road, Kihei, HI 96753. Ben Little, General Manager, 879-6240
Approving Agency: Maui Planning Commission, 250 South High Street, Wailuku, HI 96793. Jeffrey Dack, AICP, Planner, 244-7735
Consultant: Munekiyo & Hiraga, Inc., 305 High Street, Suite 104, Wailuku, HI 96793. Mark Alexander Roy, Project Manager, 244-2015
Comments: DEA pending 30-day comment. Address comments to the Applicant, with copies to the Approving Agency, and Consultant
Permits: Community Plan Amendment

The Hale Hui Kai property is an existing 41-unit resort condominium complex located on South Kihei Road in Kihei, Maui. Units within the condominium are either utilized by the owners as residential apartments or operated as short-term vacation rentals. The property is designated "Urban" by the State Land Use Commission, "Single-Family" by the Kihei-Makena Community Plan and "H-M, Hotel" by the County of Maui zoning ordinance. The existing building was constructed over 30 years ago in 1971 in accordance with the property's "Hotel" designation,

which was set forth by the 1970 Kihei Civic Development Plan (KCDP) and County Zoning. Many years after the completion of construction, the adoption and subsequent update of the Kihei-Makena Community Plan (in 1985 and 1998 respectively) resulted in the property being designated for "Single-Family" use. This designation did not reflect the intended "Hotel" land use as reflected in the 1970 KCDP and County zoning maps, nor did it acknowledge the existing use present on the property at the time. Furthermore, the designation was also assigned without the prior knowledge, consent, or notification of the landowners.

To reestablish consistency between the land use designation for the property, Hale Hui Kai AOA is proposing a Community Plan Amendment (CPA) which would amend the Kihei-Makena Community Plan designation for the property from "Single-Family" to "Hotel". Approval of the CPA would assign an appropriate community plan designation to the property. The CPA would reflect the existing land use that has been present on the property for over 30 years and would also allow implementation of repair and maintenance work that will be necessary at the property in future years.

3. [Lahainaluna High School Cafeteria](#) (DEA)

Island: Maui
District: Lahaina
TMK: (2) 4-6-18:12 (por.)
Proposing Agency: Department of Education, P.O. Box 2360, 1390 Miller Street, Honolulu, HI 96804. Michael Nakano, Principal, 586-3230
Approving Agency: Same
Consultant: Chris Hart & Partners, Inc., 115 N. Market Street, Wailuku, HI 96793. Chris Hart, President, 242-1955
Comments: DEA pending 30-day comment. Address comments to the Proposing Agency and Consultant
Permits: Building

The State Department of Education (DOE) proposes the construction of a new, approximately 21,000 square foot cafeteria building on the existing Lahainaluna High School campus. The school's existing cafeteria facility is inadequate to serve the current enrollment of 977 students. The size of the proposed facility is based on the DOE Facility Assessment and Development Schedule for a design enrollment of 1,400 students. The facility will include a kitchen, dining area with stage and back-of-house provisions, restrooms, faculty dining room, and custodial center. The cafeteria will be constructed on a previously developed site at the northwest corner of the campus, adjacent to existing cafeteria and classroom buildings. Site improvements will include connections to existing power, water, and sewer service; grading, retaining, and drainage improvements; and paving, walkways and landscape planting.

The proposed action is not anticipated to produce significant impacts to surrounding properties, nearshore waters, natural resources, scenic resources, and/or archaeological and historic resources on the site or surrounding properties. Public infrastructure and services are adequate to serve the project and are not anticipated to be significantly impacted by the proposed project.

4. [Dean / Riley Single-Family Residence](#) (FEA)

Island: Maui
District: Lahaina
TMK: (2) 4-8-03:45
Applicant: James and Jeanne Riley & Warren and Susan Dean, 590 Old Stable Road, Paia, HI 96779. Jim Riley, 877-4202
Approving Agency: Department of Land & Natural Resources, Office of Conservation and Coastal Lands, PO Box 621, 1151 Punchbowl Street, Honolulu, HI 96813. Sam Lemmo or Tiger Mills, 587-0377
Consultant: Rory Frampton, 340 Napoko Place, Kula, HI 96790. Rory Frampton, 877-4202
Comments: FEA accepted by the Approving Agency. There is no comment period
Permits: Conservation District Use Permit (CDUP); County Special Management Area (SMA) Single Family Exemption; County Flood Hazard Area Permit; State Individual Wastewater System Approval

The applicant proposes to construct a single-story, single-family residence of approximately 3,500 square feet on the subject property. Construction will involve clearing and grubbing of non-native trees, grass, and shrubbery; sitework includes grading and driveway improvements; installation of wastewater, water and drainage systems and re-landscaping and restoration of a portion of the lot in native plants. Off-site work will include a private driveway installation and connection to existing utility systems (electrical, cable, telephone, and water). In order to minimize disturbance of the land, only the portion of the lot specifically used for the residence, driveway, walkways and a small yard area surrounding the residence will be permanently altered. It is the intent of the owner to have the remainder of the lot remain in a more naturalized state.

COASTAL ZONE NOTICES

Federal Consistency Reviews

The Hawaii Coastal Zone Management (CZM) Program has received the following federal actions to review for consistency with the CZM objectives and policies in Chapter 205A, HRS. This public notice is being provided in accordance with section 306(d)(14) of the National Coastal Zone Management Act of 1972, as amended. For general information about CZM federal consistency please call John Nakagawa with the Hawaii CZM Program at 587-2878. For neighboring islands use the following toll free numbers: Lanai & Molokai: 468-4644 x72878, Kauai: 274-3141 x72878, Maui: 984-2400 x72878 or Hawaii: 974-4000 x72878. For specific information or questions about an action listed below please contact the CZM staff person identified for each action. Federally mandated deadlines require that comments be received by the date specified for each CZM consistency review. Comments may be submitted to: Office of Planning, Department of Business, Economic Development and Tourism, P.O. Box 2359, Honolulu, HI 96804. Email: jnakagaw@dbedt.hawaii.gov or Fax: (808) 587-2899.

Kalaeloa Boulevard Improvements, Ewa, Oahu

Applicant: City and County of Honolulu Department of Transportation Services
 Contact: Chester Koga, R.M. Towill Corporation, 842-1133
 Federal Action: Federal Funding
 Federal Agency: Federal Highway Administration (FHWA)
 Location: Kalaeloa Blvd. between the OR&L Railroad ROW and just past Lauwiliwili St., Ewa, Oahu
 TMK: (1) 9-1-15: 13
 CZM Contact: John Nakagawa, 587-2878, jnakagaw@dbedt.hawaii.gov
 Proposed Action: Use federal funds from the FHWA to construct improvements to a 1,050-foot long segment of Kalaeloa Boulevard, between the OR&L Railroad ROW and just past Lauwiliwili Street. The improvements include providing 6 travel lanes (increase from the existing 4 lanes), raised median, concrete curbs and gutters, sidewalks, traffic signals and streetlights. This proposal is the first phase of planned improvements to Kalaeloa Blvd. from the H-1 Palailai Interchange to Malakole Street.
 Comments Due: June 22, 2009

Special Management Area (SMA) Minor Permits

Pursuant to Ch. 205A-30, HRS the following is a list of SMA Minor permits that have been approved or are pending by the respective county/state agency. For more information about any of the listed permits, please contact the appropriate county/state Planning Department. Honolulu (523-4131); Hawaii (961-8288); Kauai (241-6677); Maui (270-7735); Kakaako (Honolulu) or Kalaeloa Community Development District (587-2840).

Location (TMK)	Description (File No.)	Applicant/Agent
Oahu: Makaha (8-4-10: 20)	Utility Installation (Type B) (2008/SMA-54)	AT&T Mobility/Cascadia PM, LLC
Oahu: Kaneohe (4-4-7: 24)	Vacant Residential Lot Site Improvements (2009/SMA-24)	Robert & Kelly Armstrong/Daniel Sandomire
Hawaii: South Kohala (6-1-3: 34)	Installation of a Telecommunication Facility (SMM 09-110)	Cellco Partnership dba Verizon Wireless
Maui: (3-7-3: 2)	Traditional Hawaiian Hale (SM2 20090035)	Hawaiian Kamalii Inc

Shoreline Notices

Shoreline Certification Applications

Pursuant to HRS §205A-42 and HAR §13-222-12, the following shoreline certification applications are available for inspection at the DLNR District Land Offices on Kauai, Hawaii and Maui and in Room 220, 1151 Punchbowl St., Honolulu (587-0414). All comments shall be submitted in writing to the State Land Surveyor, 1151 Punchbowl Street, Room 210, Honolulu, HI 96813 and postmarked no later than 15 calendar days from the date of the public notice of the application. If there are any questions, please call Ian Hirokawa at 587-0420.

File No.	Date	Location	Applicant/Owner	TMK
OA-1303	5/26/09	Lot 2 being a portion of R.P. 4475, L.C. Aw. 7713, Ap. 33 to V. Kamamalu situate at Kawaihoa, Waiialua, Oahu Address: 61-205 Kamehameha Highway Purpose: Building setback requirement	Jaime F. Alimboyoguen/ Sumo Properties, LLC	6-1-03:40
MA-433	5/26/09	Lot 71 of Land Court Application 1744 situate at Hanakaoo, Lahaina, Maui Address: 100 Nohea Kai Drive Purpose: Use in planning for future use of subject parcel	Warren S. Unemori Engineering, Inc./ Marriott's Maui Ocean Club	4-4-13:01
HA-404	5/26/09	Lot 3, portion of Land Court App. 1705, situate at Holualoa 3rd, North Kona, Island of Hawaii Address: 77-6300 Alii Drive Purpose: SMA permit application	Dr. William C. Foulk/ Meredith Kailua-Kona LLC	7-7-04:25

Shoreline Certifications and Rejections

Pursuant to HRS §205A-42 and HAR §13-222-26, the following shorelines have been proposed for certification or rejection by DLNR. Any person or agency wishing to appeal a proposed shoreline certification or rejection shall file a notice of appeal in writing with DLNR no later than 20 calendar days from the date of the public notice of the proposed shoreline certification or rejections. The notice of appeal shall be sent to the Board of Land and Natural Resource, 1151 Punchbowl Street, Room 220, Honolulu, HI 96813.

POLLUTION CONTROL PERMITS

Department of Health Permits

Pursuant to HRS §342B and HAR §11-60.1, the following is a list of some pollution control permits currently before the State Dept. of Health.

Branch Permit Type	Applicant & Permit Number	Project Location	Pertinent Date	Proposed Use
Clean Air Branch, 586-4200, Non-Covered Source Permit	Jas. W. Glover, Ltd NSP No. 0363-01-N Application for Renewal	Located at: Honokohau, Kailua-Kona, Hawaii	Issued: 5/14/09	150 CY/Hr Portable Concrete Batch Plant
Clean Air Branch, 586-4200, Non-Covered Source Permit	C.J. Peterson Services, Inc. NSP No. 0541-01-NT Application for Renewal	Located at: Various Temporary Sites, State of Hawaii	Issued: 5/15/09	400 TPH Portable Screening Plant
Clean Air Branch, 586-4200, Covered Source Permit	United Laundry Services, Inc. CSP No.: 0442-02-C Renewal Application	Located at: 2291 Alahao Place, Honolulu, Hawaii	Comments Due 6/15/09	Two (2) 500 HP SNG/Fuel Oil No. 2-Fired Boilers and One (1) 250 HP SNG/Fuel Oil No. 2-Fired Boiler
Clean Air Branch, 586-4200, Covered Source Permit	Isemoto Contracting Company, Ltd. CSP No.: 0702-01-CT Initial Application	Located at: Various Temporary Sites, State of Hawaii	Issued: 5/18/09	350 TPH Mobile Crushing Plant with 275 HP Diesel Engine
Clean Air Branch, 586-4200, Covered Source Permit	Pineridge Farms, Inc. CSP No. 0524-01-CT Application for Renewal	Located at: Various Temporary Sites, State of Hawaii	Comments Due: 6/22/09	295 TPH Crushing Plant with 300 HP Diesel Engine
Clean Air Branch, 586-4200, Covered Source Permit	Hamakua Energy Partners, L.P. CSP No. 0243-01-C Application for Renewal Minor Modification Application	Located at: Hamakua Sugar Mill Haina, Hawaii	Comments Due: 6/25/09	65 MW Cogeneration Facility

CONSERVATION DISTRICT USE PERMITS

Pursuant to HAR §13-5, persons interested in commenting on the following Conservation District Use Application (Departmental Permit) must submit comments to the Department of Land and Natural Resources. Also, anyone interested in receiving notification of determinations on Conservation District Use Applications must submit requests to DLNR that include the following information:

1. Name and address of the requestor;
2. The permit for which the requestor would like to receive notice of determination; and
3. The date the notice was initially published in the Environmental Notice.

Both comments and requests for notification of determinations must be submitted to DLNR within thirty days from the initial date that the notice was published in the Environmental Notice. Please send comments and requests to:

State Department of Land and Natural Resources, Office of Conservation and Coastal Lands, P.O. Box 621, Honolulu, HI 96809. DLNR will make every effort to notify those interested in the subject CDUA, it is not obligated to notify any person not strictly complying with the above requirements. For more information, contact Kimberly Tiger Mills of our Office of Conservation and Coastal Lands staff at 587-0382.

File No.: CDUA-MA-3512
Applicant: US Geological Survey
Location: Waikamoi Stream, Makawao, Maui
TMK: 2-2-4-16:04
Proposed Action: Installation of a stream-flow monitoring station
343, HRS determination: Exempt
Applicant's Contact: Ronald Rickman, 587-5407

File No.: CDUA-MA-3515
Applicant: Maui Coastal Land Trust
Location: Kaupo, Maui

Proposed Action: Habitat Restoration
343, HRS determination: Exempt
Applicant's Contact: Scott Fisher, 357-7739

FEDERAL NOTICES

HCAP Waianae District Center Renovations (NEPA-DEA)

Island: Oahu
District: Waianae
TMK: 8-5-02:12
Proposing Agency: Honolulu Community Action Program, 33 N. King Street, Suite 300, Honolulu, HI 96813. Joy Barua, Acting Executive Director, 521-4531
Approving Agency: Department of Community Services, City and County of Honolulu, 715 South King Street, Suite 311, Honolulu, HI 96813. Michael Shiroma, 768-7751
Consultant: Gerald Park, Urban Planner, 95-595 Kanamee Street #324, Mililani, HI 96789. 625-8626
Comments: DEA pending 30-day comment. Address comments to the Proposing Agency and Consultant
Permits: Grubbing, Grading, and Stockpiling; Building; Water and Water System Requirements; Variance from Pollution Controls; NPDES General Permit; Permit to Perform Work in State Highway

Direct impacts resulting from construction include fugitive dust, noise, erosion, vehicle traffic, loss of vegetation, and temporary displacement of HCAP offices and activities to another location. In the long-run there will be improvements to site drainage, access and parking, a modest increase in domestic water consumption and wastewater flow, increase in electrical usage, and an improved setting for providing services and activities (both existing and new) to low income households. Impacts to archaeological resources, views, groundwater resources, recreation activities, public services and facilities, and adjoining land uses are not anticipated.

[Final EIS Makua Military Reservation](#)

The Army completed the final environmental impact statement for military training activities at Makua Military Reservation on Oahu, looking at the possibility of resuming live-fire military training exercises at Makua for Army, Marine Corps and Hawaii Army National Guard units. The final EIS analyzed four alternatives to accomplish the proposed training. The Army's preferred alternative involves full-capacity use with fewer weapons restrictions. Some of the major potential impacts discussed in the final EIS are associated with soil, surface water and groundwater quality, air quality, cultural sites, natural resources, endangered and threatened species, noise, recreational resources, wildfires and the safety and transport of munitions through the Waianae community. The Army has recommended several mitigation measures that would reduce the overall impacts.

GLOSSARY

Draft Environmental Assessment

A project or action that may affect the environment cannot be implemented until an Environmental Assessment (EA) is prepared in accordance with Chapter 343, Hawaii Revised Statutes (HRS). If the lead State or County agency (the proposing agency for agency actions, or the approving agency for applicant actions) anticipates that the project will have no significant environmental impact, then affected agencies, individuals, and organizations must be consulted and a Draft EA (DEA) is written and public notice is published in this periodic bulletin (section 343-3, HRS) known as the Environmental Notice. The public has 30 days to comment on the Draft EA from the date of the first notice.

Final Environmental Assessment and Finding of No Significant Impact

After the lead agency reviews the public comments, if it determines that the project will have no significant effect on the environment, then it will prepare a Final EA (FEA) and issue a Finding of No Significant Impact (FONSI) formerly called a Negative Declaration. The FEA must respond to all public comments. An Environmental Impact Statement will not be required and the project may now be implemented. The public has 30 days from the first notice of a FONSI in this periodic bulletin to ask a court to require the preparation of an EIS.

Final Environmental Assessment and Environmental Impact Statement Preparation Notice

When a lead agency decides that a project may have a significant environmental impact, an Environmental Impact Statement (EIS) must be prepared prior to implementing the project. Like the DEA (see above), affected agencies, individuals and organizations must be consulted prior to preparation of the FEA and issuance of a determination called an EIS Preparation Notice (EISPN). (The EA is called final, to distinguish it from the draft, above). After the FEA is written by the agency, and notice of the FEA-EISPN is published in this periodic bulletin, any agency, group, or individual has 30 days from the first publication of the EISPN to request to become a consulted party and to make written comments regarding the environmental effects. The public (including an applicant) has 60 days from the first notice of an EISPN in this periodic bulletin to ask a court to not require the preparation of an EIS.

Draft Environmental Impact Statement

After receiving the comments on the FEA-EISPN (see above), the agency or applicant must prepare a Draft Environmental Impact Statement (DEIS) prior to project implementation which must disclose the likely impacts of a project. Direct, indirect and cumulative impacts must be discussed along with mitigative measures. The public has 45 days from the first publication date in this periodic bulletin to comment on a DEIS. The DEIS must respond to comments received during the FEA-EISPN comment period in a point-by-point manner.

Final Environmental Impact Statement

After considering all public comments filed during the DEIS stage, the agency or applicant must prepare a Final EIS (FEIS). The FEIS must respond in a point-by-point manner to all comments from the draft stage and must be included in the FEIS. For applicant projects, the approving agency is authorized to accept the FEIS. For an agency project, the Governor or the Mayor or their designated representative is the accepting authority. Only after the EIS is accepted may the project be implemented.

Acceptability

If the FEIS is accepted, notice of this action is published in this periodic bulletin. The public has 60 days from the date of first notice of acceptance to ask a court to vacate the acceptance of a FEIS. In the case of applicant actions, the law requires that an approving agency must make a determination on acceptance within 30 days of receipt of the FEIS or the FEIS is deemed accepted. Also, for applicant actions, the law provides for an administrative appeal of a non-acceptance to the Environmental Council.

National Environmental Policy Act

The National Environmental Policy Act (NEPA) requires federal projects to prepare an EA or EIS. In many ways it is similar to Hawaii's law. Some projects require both a state and federal EIS and the public comment procedure should be coordinated. OEQC publishes NEPA notices in this periodic bulletin to help keep the public informed of important federal actions.

Conservation District

Any use of land in the State Conservation District requires a Conservation District Use Application (CDUA). These applications are reviewed and approved by the Board of Land and Natural Resources. Members of the public may intervene in the permit process. Notice of permit applications are published in this periodic bulletin.

Special Management Area

The Special Management Area (SMA) is along the coastline of all islands and development in this area is generally regulated by Chapter 205A, HRS and county ordinance. A special subset of the SMA that is regulated by Chapter 343, HRS is the Shoreline Setback Area. Most development in this area requires a Special Management Permit (SMP). This periodic bulletin posts notice of these SMA applications to encourage public input.

Shoreline Certifications

State law requires that Hawaii shorelines be surveyed and certified when necessary to clearly establish the shoreline setback from the certified shoreline. The public may participate in the process to help assure accurate regulatory boundaries. Private land owners often petition to have their shoreline certified by the State surveyor prior to construction. This periodic bulletin publishes notice from the Department of Land and Natural Resources of both shoreline certification applicants and of final certifications or rejections.

Environmental Council

The Environmental Council is a 15-member citizen board appointed by the Governor to advise the State on environmental concerns. The council makes the rules that govern the Environmental Impact Statement process. [Agendas](#) of their regular meetings are posted on the Internet and the public is invited to attend.

Exemption Lists

Government agencies must keep a list describing the minor activities they regularly perform that are declared exempt from the environmental review process. These lists and any amendments shall be submitted to the Council for review and concurrence. This periodic bulletin will publish an agency's draft exemption list for public comment prior to Council decision making, as well as notice of the Council's decision on the list.

Endangered Species

This periodic bulletin is required by Section 343-3(c), HRS, to publish notice of public comment periods or public hearings for Habitat Conservation Plans (HCP), Safe Harbor Agreements (SHA), or Incidental Take Licenses (ITL) under the federal Endangered Species Act, as well as availability for public inspection of a proposed HCP or SHA, or a proposed ITL (as a part of an HCP or SHA).
